

## STRENGTHENING OUR SCHOOLS

Dear Berkeley Resident,

As we look back on the past two years, we are proud of the progress we have made in strengthening our schools. In 2012, we adopted a Strategic Plan that focused on three key areas: student achievement, teacher effectiveness, and school climate. Over the past two years, we have made significant progress in all three areas. Our student achievement has improved, our teachers are more effective, and our schools are a more positive and supportive environment for all.

We have also made significant progress in addressing the needs of our most vulnerable students. We have implemented a variety of programs and services that have helped to close the achievement gap and ensure that all students have the opportunity to succeed.

As we look forward to the future, we are committed to continuing our efforts to strengthen our schools and ensure that all students have the opportunity to succeed. We will continue to focus on student achievement, teacher effectiveness, and school climate, and we will continue to address the needs of our most vulnerable students.

We are grateful for the support of our community and our staff. Together, we can make a difference in the lives of our students and our community.

Sincerely,  
 Superintendent

### SKAB '12 LCAP:

Our Strategic Plan for 2012-2014 focuses on three key areas: student achievement, teacher effectiveness, and school climate. We will continue to focus on these areas and make significant progress in all three. We are committed to ensuring that all students have the opportunity to succeed and that our schools are a positive and supportive environment for all.
